Dear Parents and Carers,

Here we are in week three of term two already, this term seems to be flying by. NAPLAN was held last week and everything went very smoothly with all students seemingly to be very settled when undertaking the tests. Our teachers always make sure students are prepared and relaxed for NAPLAN and try not to make such a big fuss of it all. It is a useful assessment for us and gives us a snapshot of where your child is at that particular point in time. Results for NAPLAN 2017 are expected to be sent to schools during term 3.

#### SCHOOL CLOSURE PROFESSIONAL LEARNING DAY

Just a reminder that the school will be closed on **Friday, 9<sup>th</sup> June** whilst the staff undertake valuable professional Learning in the area of Science, Technology, Engineering and Maths (STEM). We will have a number of people from the DECD STEM team presenting on the day and I am quite sure that it will be an extremely valuable learning

experience for the staff. Your support of our school in this matter is greatly appreciated. OSHC will be available for registered users. Please contact Maria for bookings on 8355 4296.

#### SOUTH AUSTRALIAN PUBLIC EDUCATION AWARDS

The Public Education Awards recognise and reward the achievements of teachers, leaders, allied health professionals, support and corporate staff across our state. Please give some thought as to who you may wish to nominate for one of these prestigious awards. Please visit the awards website at..

<https://www.decd.sa.gov.au/working-decd/working-teacher/teacher-initiatives/public-education-awards>

We seem to receive a few nominations each year which reflects the quality of our teachers and SSO staff here at Fulham North Primary School.

**Nominations are open until 31<sup>st</sup> May.**

## SATURDAY MORNING SPORT

Our Football and Soccer competitions are now up and running on Saturday Mornings. Many thanks to the parents who assist with coaching and team management, without these people the competitions would not go ahead. It is great to see so many families involved in our weekend sports and equally good to see such a large number of students playing at all year levels. Thanks also to Mr Selfe, Mr Hutton and Mr Rawlings for their hard work with our Saturday morning sports programs.

## FLU VACCINATIONS

This week many staff members received their annual Flu Vaccination. I found this information on the SA Health website and thought it may be of interest to members of our learning community who are looking at having Flu vaccinations before the Flu Season takes hold-

<http://www.sahealth.sa.gov.au/wps/wcm/connect/public+content/sa+health+internet/health+topics/health+conditions+prevention+and+treatment/immunisation/vaccines/flu+vaccine/flu+vaccine>

Each year a seasonal flu (influenza) vaccine is developed to protect you against the most common strains of flu for that year. The flu can be very serious leading to complications such as pneumonia, myocarditis (inflammation of heart), neurologic conditions and other bacterial infections.

### Vaccine recommendations

Quadrivalent influenza vaccines (QIV) are available in Australia and contain antigens of four influenzae strains (two A strains and two B strains).

The seasonal flu vaccine is recommended for **any person aged six months of age and over** who wishes to reduce the likelihood of becoming ill with the seasonal flu.

**Free flu vaccine is available to [pregnant women \(PDF 198KB\)](#) and other eligible groups** who have medical conditions that place them at an increased risk of complications from the flu. See the [Annual Influenza Program](#) for eligible groups who can access a free vaccine every year.

Although not free, the seasonal flu vaccine is also strongly recommended for:

- people who may potentially pass on the flu to those people at high risk of complications from flu infections
- people providing essential services (police and ambulance officers)
- workers in other industries (corporations wishing to reduce absenteeism in the work force)

### Children

Children six months of age up to less than nine years of age receiving the flu vaccine for the first time will need to receive two doses one month apart, to ensure an adequate immune response is produced. This will ensure the child is protected and help prevent infection.

Regards

Steve Marshall
