### **Child Care Benefit Scheme**

To be eligible for CCS assistance, you must **register with MY GOV** (136150) **prior** to the Vacation care program.

### **Medication**

Parents/Caregivers who wish medication to be administered to their children are legally required to have a Health Care Plan filled out by their GP. Parents/Caregivers are also required to fill out a Risk Minimisation and Communication Plan, which will be provided by the Director. This will ensure that we are able to manage your child/ren(s) health requirements with the appropriate knowledge. All medication must be given to a qualified staff member, and the details of administration be recorded at the beginning of each day. **Pharmacy medication must have the child's name, dosage requirement**, time to be given and the Doctor prescribing the medication on the label. Please feel free to talk with the Director of the service about any medical conditions or allergies, so that staff is informed in regard to your child/ren(s) medical conditions.

### **Sickness and accidents**

In the case of **contagious illnesses** children **must not attend** the program. Fulham North Vacation Care has strict policies relating to the exclusion of children with infectious diseases. For more information concerning these types of issues please access the policy book on the counter in the OSHC building or talk with the Director. In the event of a serious accident, injury or an unwell child, parents/caregivers will be notified immediately.

### **Behavioural Management**

**Harassment, bullying and physical or verbal violence** toward other children or staff will **not be tolerated**.

Any form of bullying, intimidation, verbal harassment and /or threats will result in children losing free time or play time to participate in a Behavioural Management Program set out by the Director. If these behaviours continue, contact will be made with the parents/caregivers outlining the nature of the incident and subsequent consequences (removal from the programme). Children can be refused access to the program if their behaviour is unacceptable and provides a risk to themselves, others and staff.

It is imperative that the Vacation Care Program **provides a safe, happy and fun learning environment for all**.
